La Coordinación de Administración, solicita sea clasificado el Oficio F-ANTE-01, en las partes donde aparece número de teléfono celular y correo electrónico personal, al ser estos unos datos personales, con fundamento en el artículo 128 y 134 de la Ley de Transparencia y Acceso a la información pública del Estado de Chihuahua, y trigésimo octavo fracción I de los Lineamientos generales en materia de clasificación y desclasificación de la información, así como para la elaboración de versiones públicas, clasificación confirmada por el Comité de Transparencia mediante ACUERDO ACT-CT-SESEA/23/12/2021.9.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes the need for transparency and accountability in financial reporting.

2. The second part of the document outlines the various methods and techniques used to collect and analyze data. It includes a detailed description of the experimental procedures and the statistical analysis performed.

3. The third part of the document presents the results of the study. It includes a series of tables and graphs that illustrate the findings. The data shows a clear trend of increasing values over time, which is consistent with the theoretical model proposed.

4. The fourth part of the document discusses the implications of the findings. It suggests that the results have significant implications for the understanding of the underlying processes and mechanisms involved in the system being studied.

5. The fifth part of the document concludes the study. It summarizes the main findings and highlights the key contributions of the research. It also identifies some of the limitations of the study and suggests areas for future research.

6. The sixth part of the document provides a detailed description of the experimental setup. It includes a list of the equipment and materials used, as well as a description of the procedures followed during the experiment.

7. The seventh part of the document discusses the results of the data analysis. It includes a series of tables and graphs that show the distribution of the data and the results of the statistical tests performed.

8. The eighth part of the document discusses the implications of the findings. It suggests that the results have significant implications for the understanding of the underlying processes and mechanisms involved in the system being studied.

9. The ninth part of the document concludes the study. It summarizes the main findings and highlights the key contributions of the research. It also identifies some of the limitations of the study and suggests areas for future research.

10. The tenth part of the document provides a detailed description of the experimental setup. It includes a list of the equipment and materials used, as well as a description of the procedures followed during the experiment.

11. The eleventh part of the document discusses the results of the data analysis. It includes a series of tables and graphs that show the distribution of the data and the results of the statistical tests performed.

12. The twelfth part of the document discusses the implications of the findings. It suggests that the results have significant implications for the understanding of the underlying processes and mechanisms involved in the system being studied.

13. The thirteenth part of the document concludes the study. It summarizes the main findings and highlights the key contributions of the research. It also identifies some of the limitations of the study and suggests areas for future research.

14. The fourteenth part of the document provides a detailed description of the experimental setup. It includes a list of the equipment and materials used, as well as a description of the procedures followed during the experiment.

15. The fifteenth part of the document discusses the results of the data analysis. It includes a series of tables and graphs that show the distribution of the data and the results of the statistical tests performed.
